Kids say thank you to
Congressman David Scott for
helping us get quality health care!

Thanks to a program known as the Children's Health Insurance Program, more than 6.5 million children now have health insurance.

If these kids could testify in Congress, each of them would say "keep funding the Children's Health Insurance Program."

Fortunately these kids have a friend in Washington working for them.

David Scott is fighting to make sure these kids keep their health insurance by supporting the reauthorization of the Children's Health Insurance Program.

Call David Scott at 202-224-3121 and tell him to keep
fighting to provide all our children health insurance.

More than 6.5 million kids appreciate David Scott's support and yours.
